ABA-SKIP

APPLIED BEHAVIOR ANALYSIS - SKILLS INTERVENTION PROGRAM

ABA-SKIP is designed for children with autism spectrum disorders and delays in language, motor, academic and play skills. The primary focus is to teach children in a controlled setting and integrate back into the community (home, school, other therapies) once goals have been met. Services will be provided in half-day sessions: Mornings 9am - 11:30am and Afternoons 1pm - 3:30pm

AGES: 3 YEARS - 8 YEARS

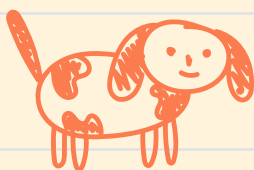

Services may include:

- Functional Behavior Assessment
- Focused individualized services
- Social Skills, Toileting, Behavior Management
- Community and In-Home Services
- Parent Training

Location

4400 Harrisburg Blvd., Suite 110
Houston, TX 77011
