

INSPIRE

AGES 0 - 6 YEARS

INSPIRE is designed for children with a developmental delay, intellectual disability (intellectual development disorder) and/or autism spectrum disorder. Inspire aids families in accessing needed services directly related to their child's disability, increasing family stability, community inclusion, skills acquisition (therapeutic interventions) and independence.

Services may include:

Assistive Technology/Services (up to \$5,000)

- Therapeutic interventions (*examples: applied behavior analysis, occupational/physical/speech therapies*)
- Adaptive aids (*examples: mobility/hearing/communication aids, eyeglasses, position lifts*)
- Specialized equipment (*examples: braille displays/printers, appropriate software, self-feeders, safety devices-helmets, rails, walkers, visual alert systems*)
- Transportation directly related to the child's disability

Respite care (up to \$1,000/100 hours)
