

RISE PROGRAM

AGES
0-3

Responsive Intervention Services & Engagement

Early support matters! Unsupported early childhood transition can lead to developmental delays and loss of important skills.

The **RISE Program** is here to help you and your child shine bright through speech, occupational, and physical therapy centered around play.

A **Certified Family Partner** will be there to help empower you along the way as your advocate. CFPs are people who have similar experiences caring for a child with mental or behavioral health challenges, and they are there to help you break down barriers and understand your child's needs and rights better.

Contact 713-970-8777 for more information.

This program is in partnership with the Department of Economic Equity and Opportunity at Harris County.
